What to expect - Before the wedding

We love to meet with our couples for an in person consultation. This gives us a chance to get to know you, build a comfortable friendship and hear more about your wedding plans and the things that are most important to you. We also like to go over a loose time-line and help you consider things that maybe you haven't before. A wedding consultation is helpful in having a smooth running wedding day and it can also give you a better idea of the amount of time you will want to book for coverage.

We will send you a wedding questionnaire that helps us really dive into the nitty gritty of your wedding day. Organizing this important information beforehand is pivotal in a smooth running day and provides us with the information we need to photograph your day and let you fully enjoy the moment.

You will also receive a contract for your wedding date and as soon as it's signed and the retainer is collected - its official, you're on the Lass & Beau Calendar for your date!

What to expect - After the wedding

This is one of our favorite parts! While you're enjoying your first few days as husband and wife, we are gushing over your images and picking a handful of favorites to share with you. We always get so excited to share sneak peeks on social media.

All images are delivered electronically in a digital album. I will send you a personalized link with a website containing all of the photos from your day. Downloading the entire day of photos is as easy as 2 clicks. You can also download by category - or just download the ones that you favorite. The best part of this website is that it stays active for 10 years and can be accessed and downloaded from over and over again. You can easily share your link with friends and family, giving them the chance to view your day and download the images they wish.

-Your full wedding day will be delivered to you within 10 weeks of your wedding day-

We photoblog our weddings very thoroughly. This is where our photo journalistic style shines, as our blogs are where we present a full story of your wedding day. We weave together the moments of your wedding day through images from beginning to end. Many couples have booked us specifically for our blog features as it is essentially a virtual wedding album. It's easily shared with family and friends. Your guests love seeing photos of them dancing and enjoying your day. Sharing your blog is also a great way for loved ones who were unable to make it to your wedding to still be able to enjoy all the special moments and details through photographs.

-Your blog feature is published within one year of your wedding date-

A photograph of a young man and woman embracing outdoors. The man has long brown hair and is wearing a brown plaid shirt. The woman has long blonde hair and is wearing a white lace top over a red dress. They are both smiling and looking at each other. In the background, there is a large, weathered tree trunk and some green foliage.
